CLK

A winding journey can be found behind each success story

First, you need a comprehensive map before you embark on your journey... Then, friends who you can trust... Once you are on the road, you must also know how to face its hurdles.

You will meet many adversaries who will have similar goals. If you focus on the journey instead of the others, then not only will your journey be more fulfilling, but it will also lead you sure-footed to your goals...

Then this never-ending road will fly by like a breeze.

Because "Those who orient themselves to great success never get tired".

Stronger with our friends on the road!

CLK, a subsidiary of Çalık Holding, has been developing unique business models in the fields of logistics, trade, and procurement, in no small part thanks to its experienced, dynamic, and professional workforce. The company adopts a productive and holistic approach in every facet of its operations.

From Ancient Times to the Future...

The Silk Road has been a witness to long and hard journeys... Each step taken on these commercial journeys has contributed to the development of humanity. Before embarking on our journey, we were also inspired by its splendid history... Without forgetting the current state of trade, industry, and technology...

Keeping Pace with the World...

CLK succeeded in using the Silk Road, also known as the "Road of Prosperity", to add new values to the world and to transform this journey that stretches from China to the Atlantic Ocean into a unique experience.

Today, CLK continues to act as a bridge on the global scene and, especially, the Silk Road, thanks to its global activities.

MANIFEST

Notes from our Journey, from Local to Global

The main route of this journey that we embarked on with the DNA of our parent company is the **modern Silk Road** that stretches from China to the Atlantic Ocean.

Staying true to our motto "**Makes the World Accessible**" and thanks to our ever-growing list of local representatives, we provide our stakeholders with the advantage of being "**local**" while enriching them with our "**global**" worldview that stems from our parent company.

Projects that have been tailored to the **current zeitgeist** help us develop solutions for the **business models of the future**. Our **entrepreneurial** and **perfectionist** worldview helps us achieve maximum **customer satisfaction** and thus further cements our mutual relations.

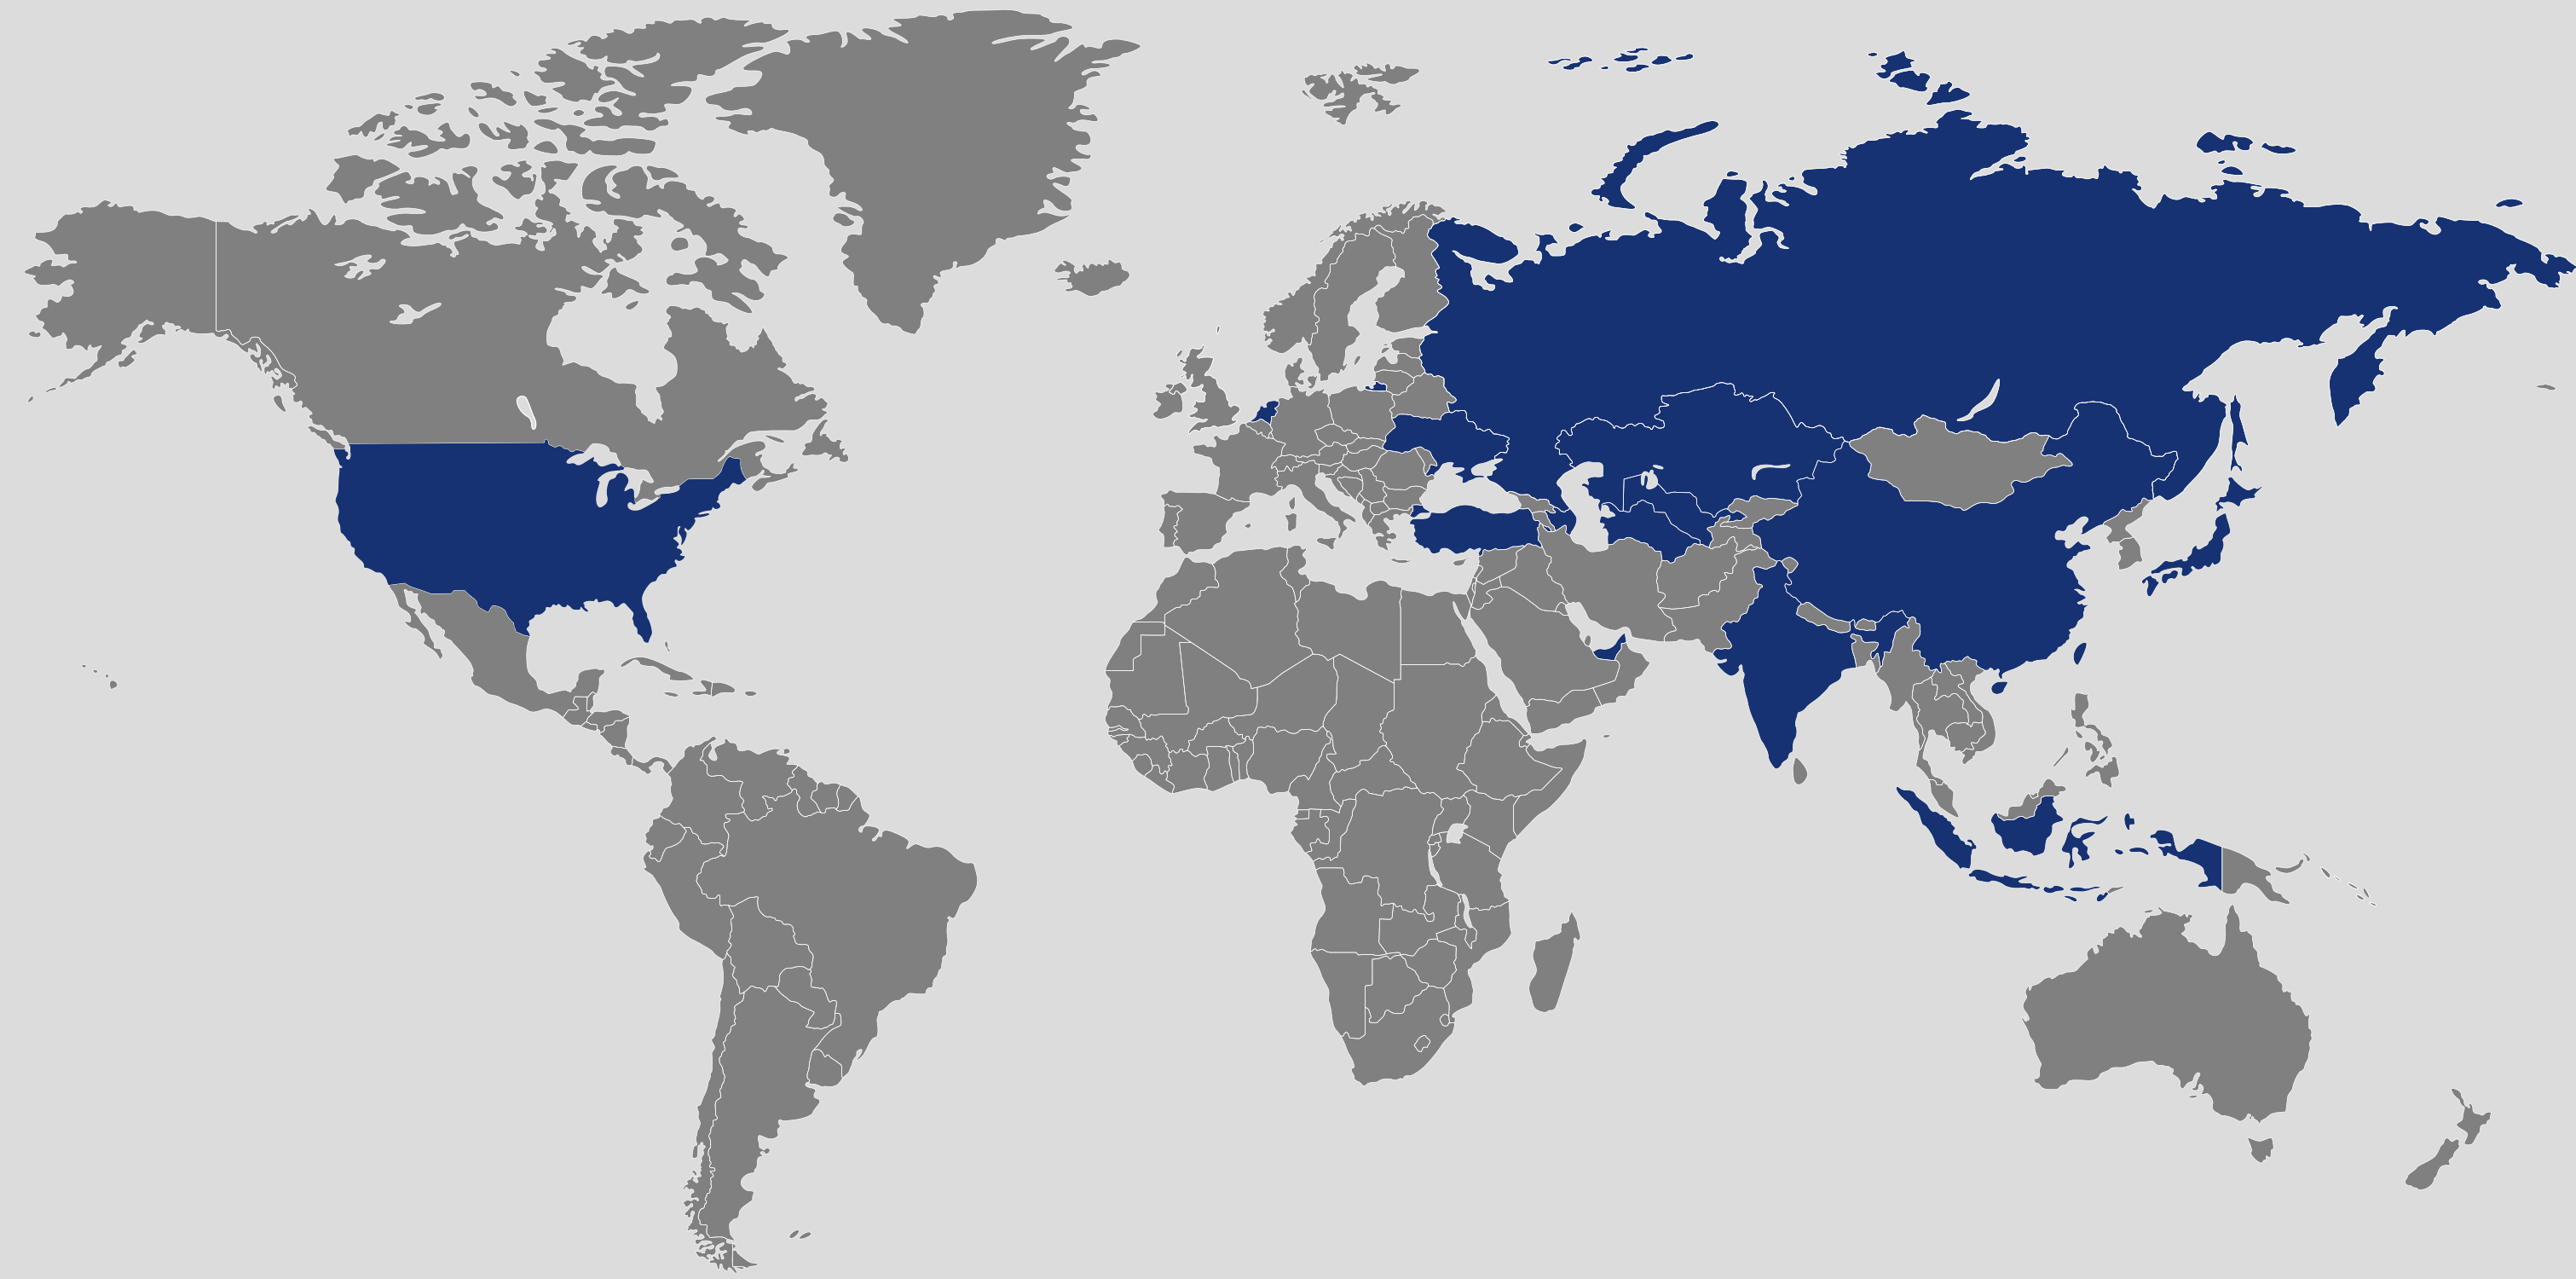

Our motto is...

- Our employees, customers, suppliers and all our **stakeholders are the cornerstones** of our business.
- We see **transparency and open communication** channels as vital parts of our being and always strive to fulfil these requirements under all circumstances.
- We emphasize teamwork without compromising on **dependability, honesty, and fairness**. Our **dynamic and innovative team combines** a can-do attitude with new approaches and always believes in improving themselves through **constant learning**.
- The main pillars of our company rest on logistics, trade, and procurement while our hearts and minds are filled with the values of our ancestors and social responsibility. As a result, you can see the importance we attach to humanity and the value we add to society and the world in general in all our works.
- Our unwavering commitment and priority in all the countries we operate in is to do business without damaging the environment and exhausting its resources. "**Sustainability**" is always our key motivator and helps us co-exist respectfully with the environment and society. Because **we are part of nature** as well. We live in harmony with it, we do not fight it.

TRADE

In the spirit of the Silk Road...

We trade and transport not only traditional products from the Silk Road but also in-demand products like fertilizers, petrochemicals, and sulphur.

We also procure materials that are needed for construction and energy projects located on the Silk Road.

The Best prefer to work with the Best...

We always take care that the quality of our products and services is always at its best when marketing these to the leading companies of Turkey and the world.

Because we know that cooperating with the best will not only please our customers but also help us gain prestige...

INDUSTRIAL AND PETROCHEMICAL PRODUCTS

Exactly Meeting Your Demands

An ever-growing world population, urbanisation, and industrialization have significantly increased consumption around the world.

The rich natural resources of the countries we operate in and the ever-increasing investments in petrochemistry facilities help us meet the demands for a variety of industries, from agriculture to the plastics industry. CLK also plays an important role in meeting this global demand.

MEDICAL

We Will Win Together!

We decided to help in the struggle against the Covid-19 pandemic that emerged and spread from China, once we understood that it was a global threat to humanity. The spread of the virus resulted in significant procurement problems around the world.

We had to act fast, so we decided to produce TYPE IIR, disposable face masks. Currently, we see it as our ethical duty to deliver these face masks and other personal protective equipment to anyone in need, primarily in Turkey, and also in Europe, Africa, and other countries.

LOGISTICS

Forging Ahead on Safe Roads!

CLK uses every proper method of transportation. It will be delivered if we are on it...

Optimum Timing, Rational Costs...

Our guiding principle is to provide economically sound logistics services. We are perfectly aware of how much costs, timing, and safety play an important role for you. We position all our developed strategies around these principles.

CLK, on top of road, air, sea, and rail transport, also provides project cargo and warehousing services while also effectively running environmentally sustainable intermodal freight transport on your behalf.

ROAD TRANSPORT

Concentrate on your business instead of the road!

CLK provides transport services on all the global roads and primarily on the modern Silk Road path between Europe and China, Central Asia, the Caucasus, and Turkey.

Thanks to our various partnerships around the world, we can always provide you with reliable solutions for your transport needs. Our complete and partial transport operations allow you to concentrate on your business instead of the road...

SEA TRANSPORT

Not only do we carry your freight, but also its responsibility..

CLK is making waves thanks to its use of riverboats that travel from the Volga-Don Canal to the Caspian Sea and of high tonnage ships that sail in the Mediterranean Sea, Sea of Marmara, Black Sea, and the Sea of Azov...

Our membership in international organizations and our business partners allow us to provide you with tailored solutions aimed at your FCL and LCL container needs when using sea freight transport.

RAIL TRANSPORT

Everything on Track for You with our Services...

We use many lines around the world, primarily the Baku-Tbilisi-Kars line and the railroad lines around the Caspian Sea corridor...

On your behalf, we assess the advantages railroads can bring to your intermodal freight and conventional wagon transports.

AIR TRANSPORT

Air delivery, dependable and on time...

Our strong and trusted connections with the national carriers of the countries we operate in allow us to fly your products always on time.

We address all your air transport needs, from transporting the smallest cargo parcels to chartering whole flights...

INTERMODAL FREIGHT TRANSPORT

You have the advantage...

Using integrated systems and thanks to our liaison offices at key points of the countries we operate in, materials in containers are transported without any handling.

This system supports various transport methods and provides multiple benefits, like lower costs, sustainability, and time-saving.

The fact that your cargo can be transported without removing it from its container also removes the risk of any damages during the transfer.

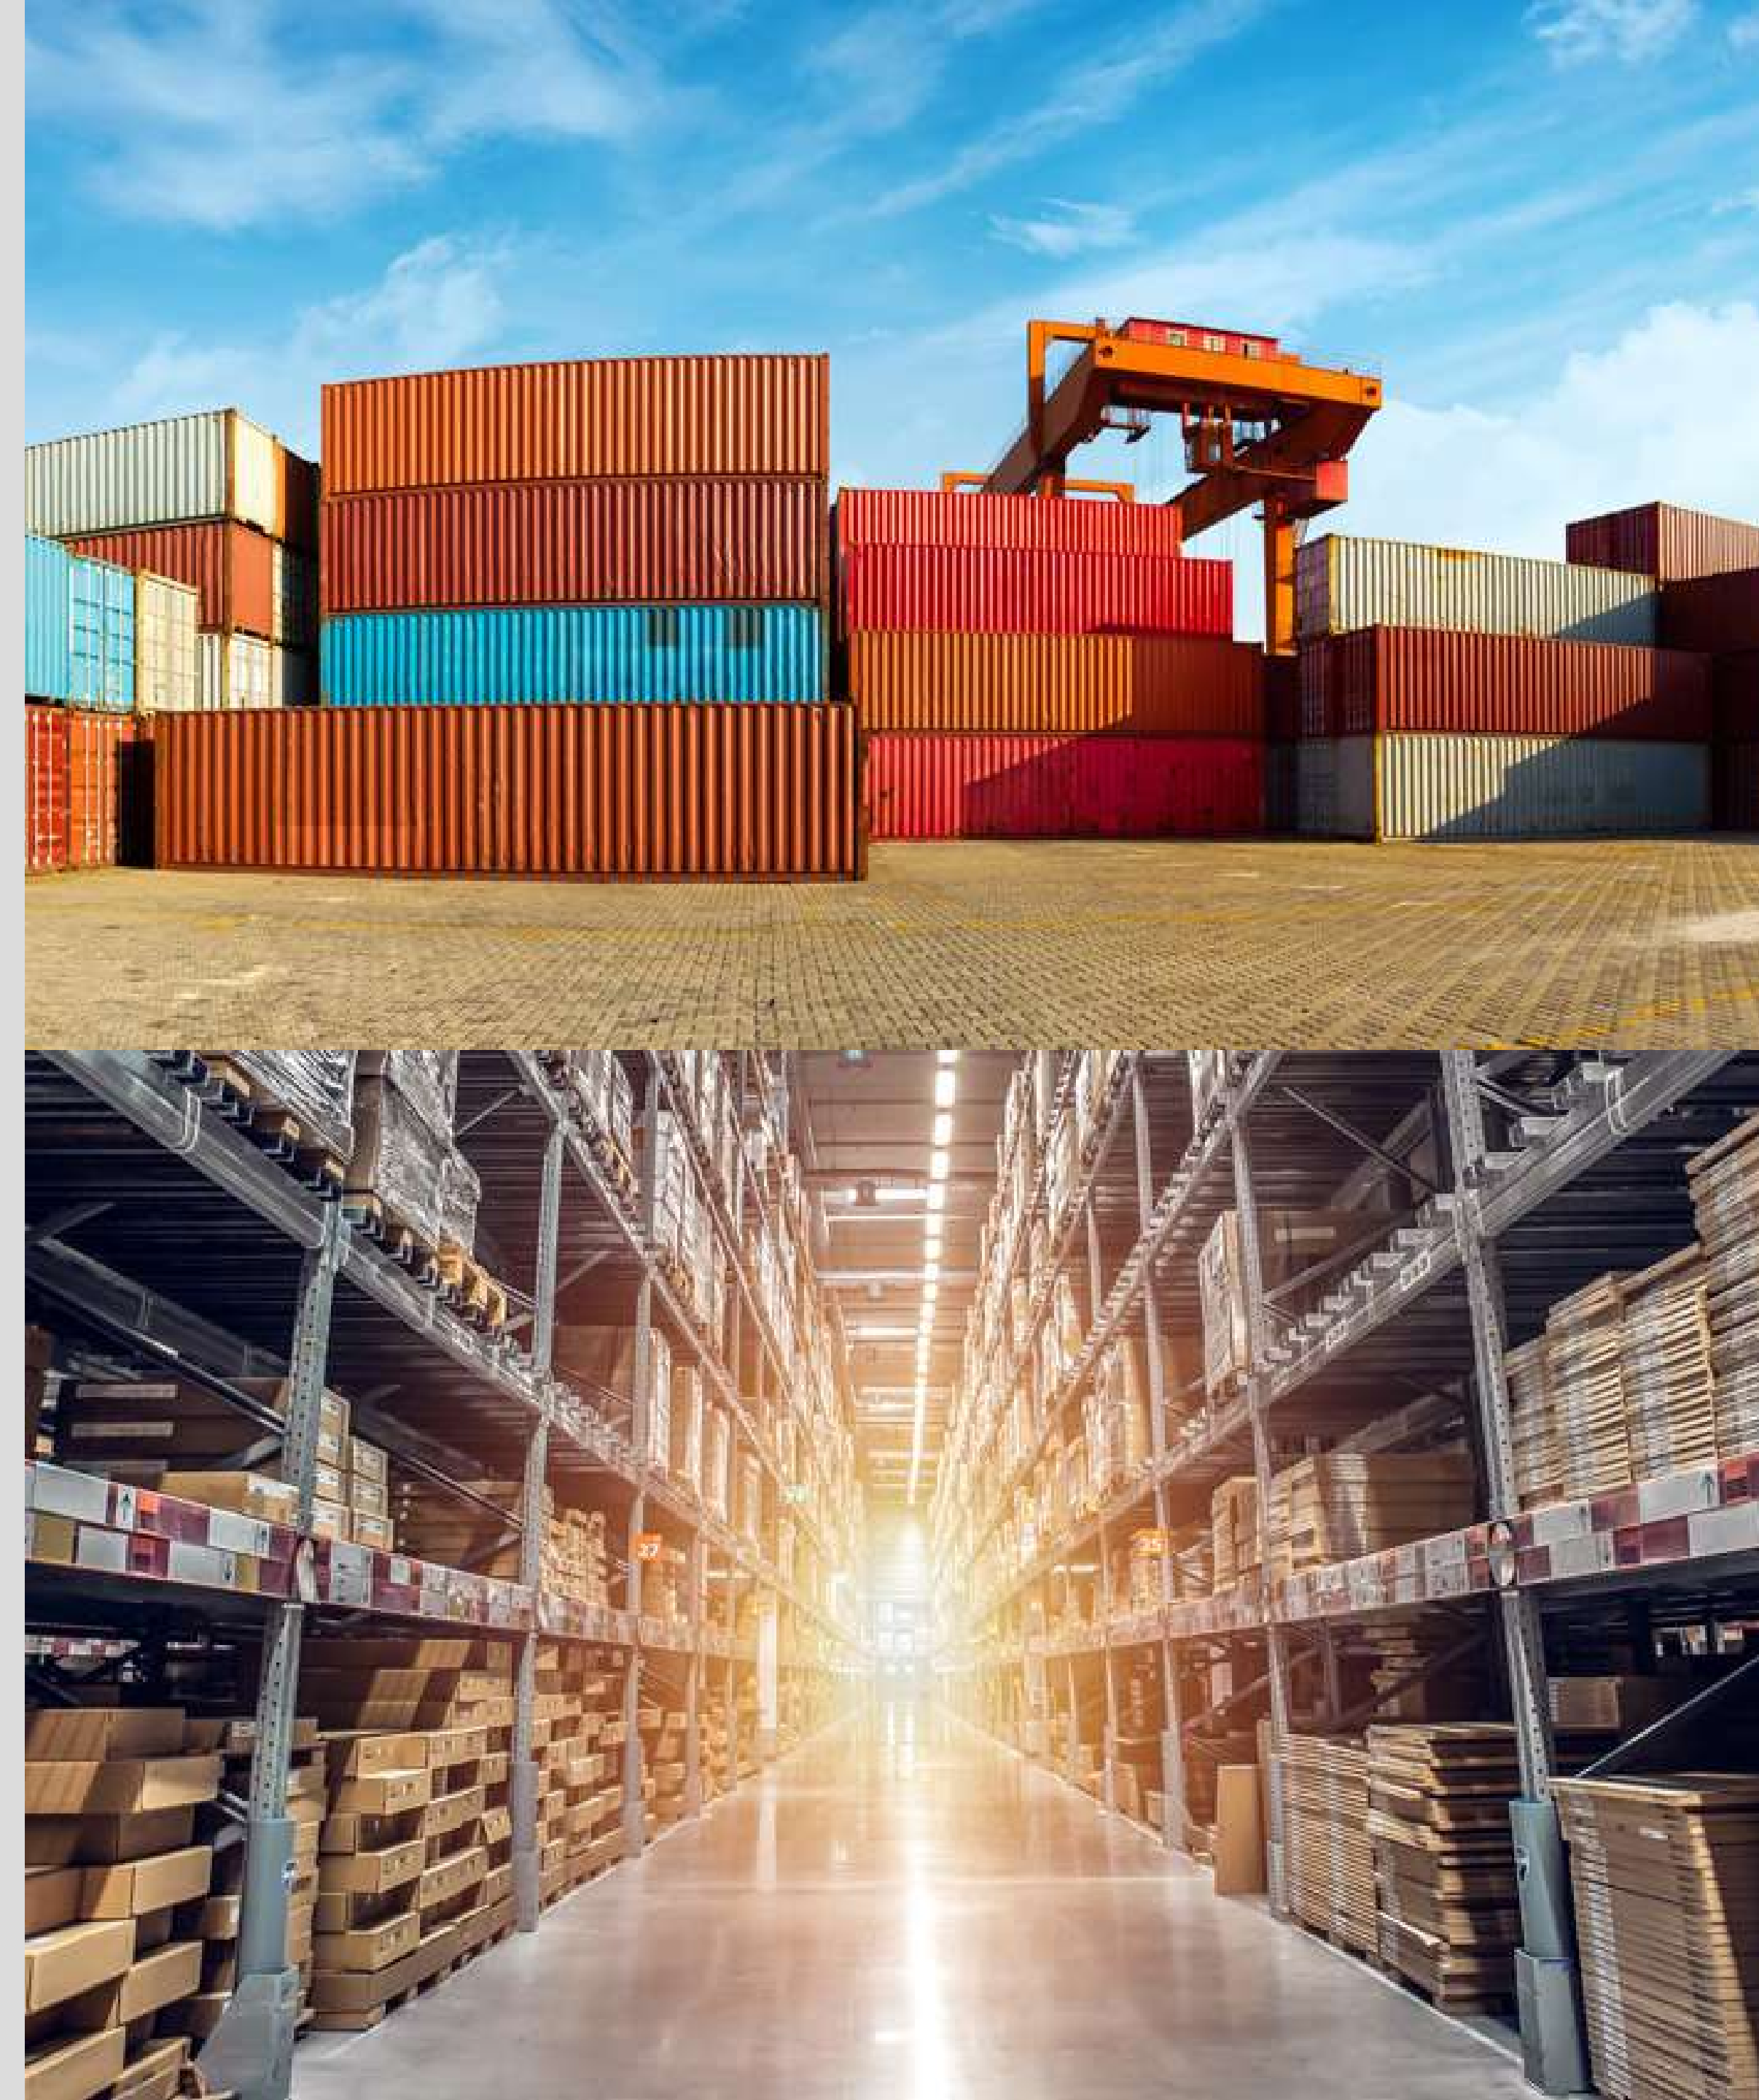

WAREHOUSING

Your belongings, our safekeeping!

Our long years of expertise allow us to store and protect your products in our warehouses without any issues and to smoothly deliver them to you.

Our specialized team provides warehousing services to various industries, including textile, construction, automotive, and healthcare.

We never forget that your trust in us allowed us to safe-keep your products.

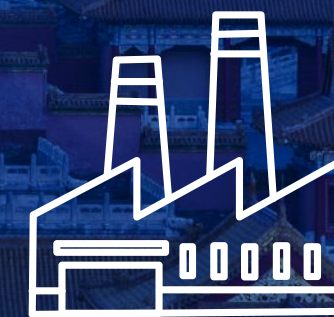

PROJECT CARGO

Special materials require special care!

CLK provides you with the most efficient services if you need to transport cargo whose weight or dimensions necessitate special equipment or solutions. Our multimodal approach to these types of transports, which need years of expertise and knowledge, allows you to hand over your materials to us without a second thought.

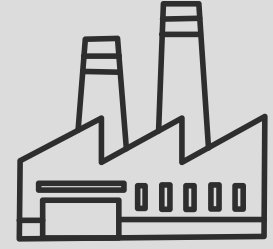

Our partnerships around the world and our specialized teams who cut their teeth on various transport projects and who combine their hands-on approach with corporate know-how help you achieve your goals easier.

PROCUREMENT AND CHINA

We are at the New Economic Center of the World...

Shanghai CLK International Trading CO.

We work within an integrated structure that allows us to source Turkey's and Central Asia's rich resources and to transfer them among the two countries and with the rest of the world.

Our company was founded in Shanghai, one of the country's most important trade hubs that has a vast transportation network covering all of China's regions...

Our team, consisting of Turkish employees who are fluent in the Chinese language and culture and Chinese specialists, diligently works in the fields of procurement and sales...

Trade

For the Chinese market, we manage the sale and marketing of quality end products with high brand value, which are sourced primarily from Turkey and our other regions of operations, and which are in demand by Chinese consumers.

Corporate Synergy

We act as intermediaries for potential business partnerships between trustworthy Chinese and Turkish companies, primarily with subsidiaries of the Çalık Holding Group, of which we are also a part.

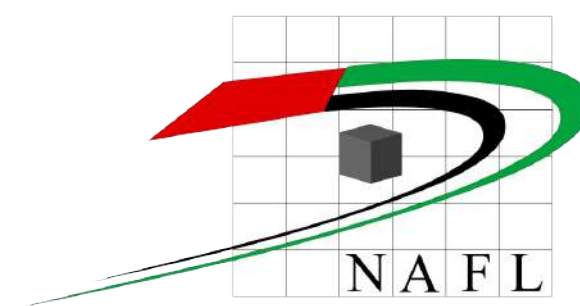

Procurement

Cooperation... Union of strength... Union of hearts...

We are a key part of the supply chain for many products and equipment thanks to our local manufacturing business partners in China.

MEMBERSHIPS AND COOPERATIONS

SUSTAINABLE ENVIRONMENT POLICY

In Peace with Nature...

For CLK, environmental awareness means not an after-tacked image but an indispensable part of our life philosophy. All our employees, regardless of their title and responsibilities, are enthusiastic to attend environmental awareness training sessions

This is why intermodal transport plays such an important role for us and why our main goal is to promote it in every field we are active in.

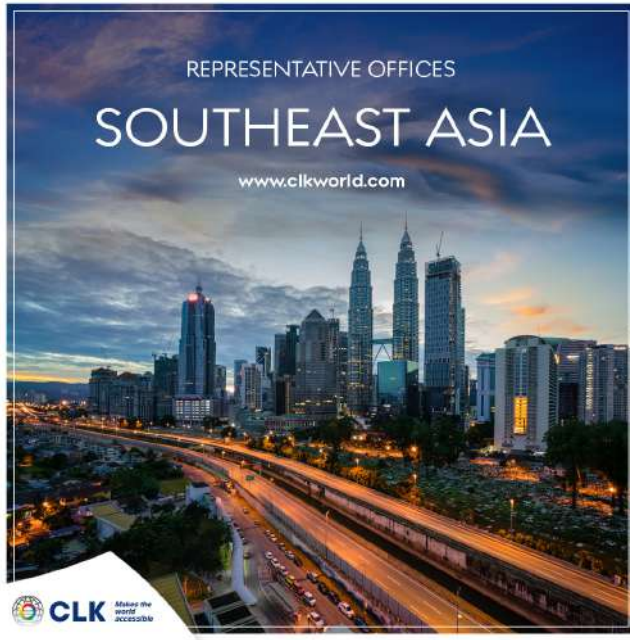

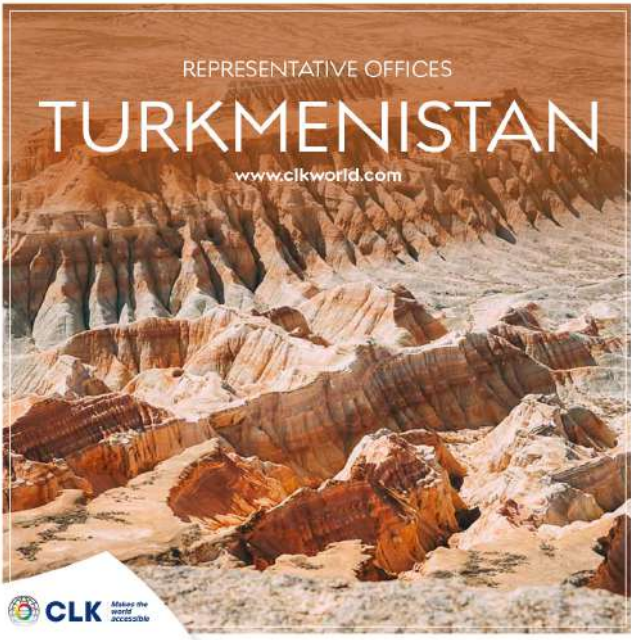

JOURNEY

We are on a path that stretches to the horizon... And for us, the journey matters more than the destination... Each day on this journey helps us grow. Because each journey allows us to learn new things and to share these with others... Throughout our journey, the values that we contribute to our country and the world enrichen us... And this is not limited to us, it is a shared path. Ours, yours, everyone's...

Therefore, "Everyone, let's embark on this journey together!"
